- *CultureGrams* was published as a monthly pamphlet before its information was digitized and included in this database.
- Pamphlets are cited like books therefore the pamphlet information follows book format.
- For some unknown reason *CultureGrams* denotes the next year as the copyright date for its pamphlets. It is unusual to have an access date prior to the copyright date of the resource.
- The publishing information in this example citation was found in the PDF format of this pamphlet.
- The abbreviation of the state in the Place of Publication is added because the city may not be familiar to most readers. State abbreviations should not be included in citations where the city is well known such as New York.
